ALSOK Selected as a Constituent of FTSE4Good Index Series for 14 Consecutive Years

SOHGO SECURITY SERVICES CO., LTD. (“ALSOK”), announces that it has remained as a constituent of the FTSE4Good Index Series, one of the leading global indices for Socially Responsible Investment(SRI)(*1) for 14 consecutive years.

FTSE4Good Index Series is an SRI index developed by FTSE Russell(*2), a global index provider, whose constituents are selected by measuring their performance in terms of environmental, social and governance(ESG). The index is recognized as an important choice criteria for investors who consider corporate social responsibility and sustainability as a significant factor when making investment decisions.

ALSOK has also been selected as a constituent of FTSE Blossom Japan Index for 5 consecutive years.

Created by the global index company FTSE Russell, the FTSE Blossom Japan Index is designed as an industry neutral benchmark that reflects the performance of companies demonstrating strong environmental, social, and governance(ESG) correspondence in Japan. Businesses included in the FTSE Blossom Japan Index meet to various criteria such as environment, society and governance. Moreover, this Index has been included in the ESG indices of Government Pension Investment Fund(GPIF) for passive investment for Japanese equities.

ALSOK has been contributing to provide safety and security for customers and society. For the aim to improve sustainable corporate value, we will continue to correspond to stakeholder’s various needs and work to solve social problems.

(*1) Socially Responsible Investment(SRI) describes an investment strategy which takes account of enterprises’ social, ethical and environmental aspects as well as financial performance.

(*2) FTSE Russell is an index company offering indexing and analytical solutions world-wide.
