#### Support for the Task Force on Climate-Related Financial Disclosures (TCFD) Recommendations

SOHGO SECURITY SERVICES CO., LTD. (“ALSOK”) has announced its support for the recommendations of the Task Force on Climate-Related Financial Disclosures (“TCFD”) \* established by the Financial Stability Board.

In the medium-term management plan GD2025, ALSOK aims to become a resilient integrated safety and security solutions provider by promoting the innovation of security business model to meet the expanding safe and secure needs in a society with various risks including the climate change.

In line with the disclosure framework recommended by TCFD, we plan to disclose information and enhance the content of climate-related risks and potential impacts based on opportunities using climate scenario analysis.

Going forward, ALSOK will continue to strive to resolve social issues by responding to the diverse needs of our stakeholders, contribute to the realization of a sustainable society, and aim to increase corporate value.

\* In June 2017, TCFD recommended that companies and organizations should voluntarily grasp and disclose information on the financial impact of climate-related risks and opportunities.
